Environment	Indoor
Materials	Murano glass.
Technical description	Transparent red murano glass bird on iridescent sphere.
Dimensions	Ø 8 cm - H 14/16 cm
Weight	1,0 kg

OVERALL DIMENSIONS

Ø80 mm

DESCRIPTION

A collection of glass birds sculpture manufactured in Murano. A tribute to nature's lightness and craftsmanship.

HANDMADE TECHNIQUES

Melted inside a crucible, the birds are shaped by hand using metallic pliers and "tagianti" - proper glass shaping tools. The colours are either already incorporated as a single layer. Base sphere in iridescent finish.

TOOLS

Tongs, metal pliers, "scagno" (glassmaster's workbench), "tagianti" (glassmaster's shaping tools).
